Elevating Work Platform

Commercial name	STAR 8
Rated Capacity	200kg
Serial number	2011505
This machine was designed, manufactured and tested to the applicable regulations in effect at the time of manufacture	

Test report

Type of test	Test load		Movements carried out
Overload Test	125%	250kg	All platform lift movements
Functional Test	110%	220kg	All drive and platform lift movements
Brake test	100%	200kg	Maximum speed in forward and reverse

This machine satisfactorily completed the above tests without failure and the machine functions correctly.

The machine has been tested in the manufacturing plant in REIMS on 31/01/2017

This machine must be checked at least once a year by an Authorised Certification Body or by a qualified person, unless local regulations require otherwise. This inspection shall result in a certificate that validates the continued operation of the machine.
